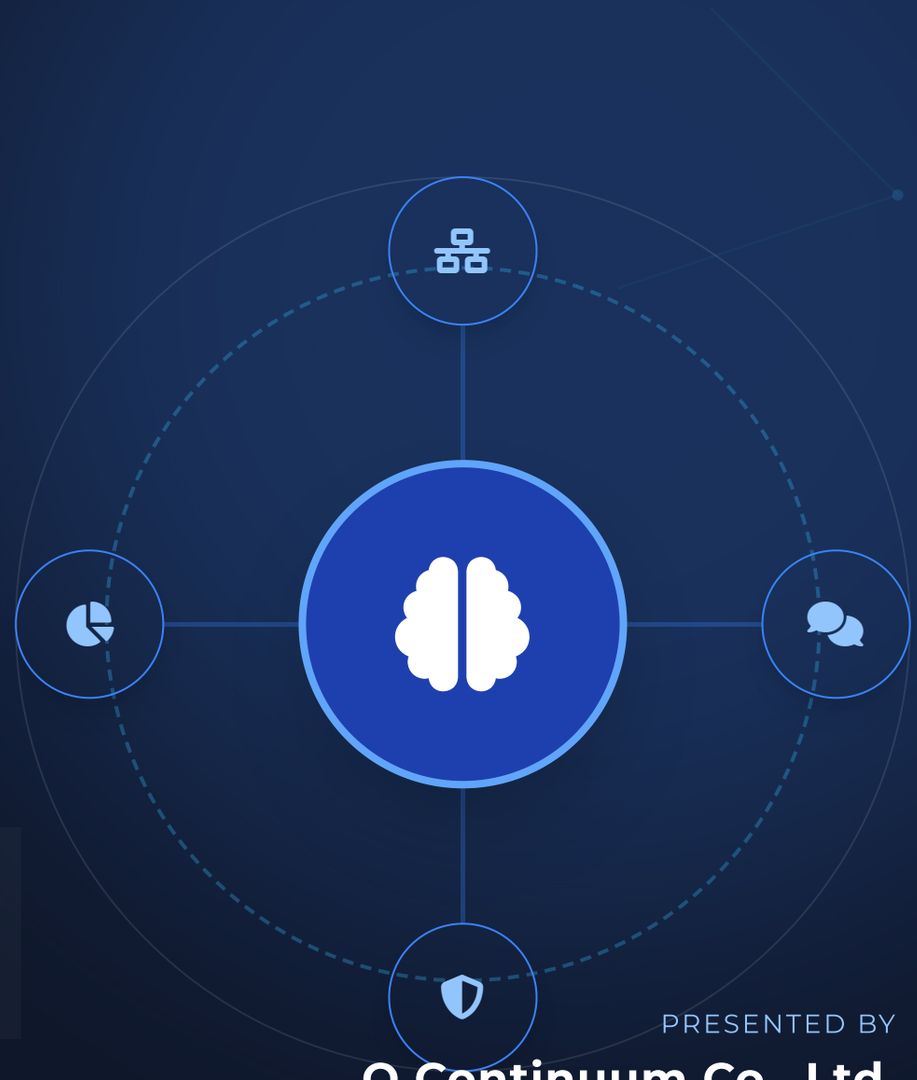
AiQON Platform

A NEW CHOICE FOR AI ADOPTION

AiQON Platform

From Adopting AI,
To Evolving with AI

Empowering everyone from individuals
to enterprises with a unified AI platform



PRESENTED BY

Q Continuum Co., Ltd.

Q CONTINUUM

CHALLENGES & ISSUES

3 Major Barriers to AI Adoption

Fragmented Tool Management

Proliferation of disparate tools leads to operational silos and high maintenance costs. Data integration becomes complex.

Lack of Security & Governance

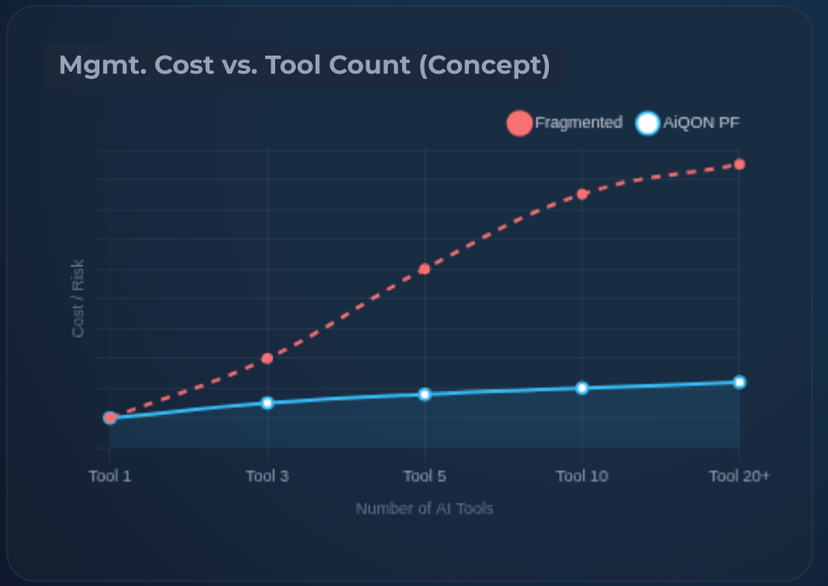
Risks of "Shadow AI" and mishandling of confidential data. Absence of unified audit logs creates compliance gaps.

Unclear ROI & Scalability

Projects often stall at the PoC stage. Without scalability, the cost-effectiveness of enterprise-wide deployment remains invisible.

SOLUTION APPROACH

AiQON Platform delivers "Unified Ecosystem" for Centralized Management, Security, and Scalability.



SECURITY RISK
Increased risk of "Shadow AI"

INEFFICIENT ROI
Stagnation due to poor integration

SOLUTION ECOSYSTEM

AiQON Platform Ecosystem

TARGET SEGMENT STRATEGY

Service Portfolio

TARGET SEGMENT	CORE AI SERVICES	DEPLOYMENT	KEY USE CASES
Individual B2C	AiQ, AiQON	**SaaS (Cloud)** Instant web service access	✓ Info gathering & web browsing support ✓ Multilingual translation & chat ✓ AI assistance for daily tasks
Freelance SoHo / Sole Proprietor	HAI-G, AiQ, AiQON	**SaaS (Cloud)** Cloud use with business features	✓ Workflow & marketing automation ✓ Risk management & contract check ✓ Ideation for new services
SMB / Mid-market Small & Medium Business	AiQONcore, AIPM, HAiL01	**Hybrid** Cloud + Partial local data integration	✓ Process automation (RPA integration) ✓ Product mgmt. & market forecasting ✓ AI sharing of internal knowledge
Enterprise Large Corp & Public	HAiL01, AiQONcore, AIPM	**Private / Local** Internal network / Dedicated server	✓ Secure proprietary LLM construction ✓ Company-wide AI governance & audit ✓ Large-scale system integration

*Mobile support and multilingual capabilities are standard across all plans.

COMPETITIVE ADVANTAGE

Differentiation & Superiority

6 Strengths of AiQON Platform

Integrated value that evolves business, not just a tool.

Integrated Design Ecosystem

Seamless integration of 6 services. Unified data and ID prevent silos caused by individual implementation.

Private AI Construction HAiL01

Supports local/on-prem operation. Train proprietary AI models without exposing confidential data externally.

Autonomous Multi-Agent AiQONcore

Beyond simple chatbots; multiple AI agents collaborate to autonomously execute complex business processes.

Product Dev Support (AIPM)

AI specialized in product management supports the entire lifecycle from market analysis to launch.

Global & Mobile Ready

Standard multi-language support and mobile optimization. Removes barriers for field operations and global expansion.

Enterprise Governance

Compliant with security standards via audit logs and permission controls. Ensures secure, controlled AI utilization.

Comparison with General AI Tools

EVALUATION ITEM	AIQON PLATFORM	GENERAL AI TOOLS
Service Integration	✓	⚠
Secure Learning Env. Local / On-premise	✓	✕
Process Automation Agent Collaboration	✓	—
Product Mgmt Specialized	✓	✕
Governance & Audit	✓	—

Conclusion:

👑 **AiQON balances "Defense (Security)" and "Offense (Automation)" in one platform.**

DEPLOYMENT STRATEGY

Implementation Roadmap

Step 1: Plan — 1-2 Months

- **Diagnosis:** Analyze current processes & challenges
- Select use cases and formulate PoC plans
- Define security requirements & organize data

Step 2: Pilot — 3-4 Months

- **Pilot Launch:** Start in specific departments
- Set KPIs (efficiency, accuracy) & measure
- Collect feedback & tune the system

Step 3: Rollout — 6 Months ~

- Company-wide expansion & scaling
- Establish AI governance & regular audits
- Internal training for adoption support

GO-TO-MARKET & SUPPORT

Enterprise Sales
Large-scale deployment & support

Certified Partners
Support by certified partners

SaaS / PLG
Instant access for SMBs

User Community
Knowledge sharing & dev support

UPCOMING MILESTONES

2025.08.05 **AiQON Platform Conference**
Unveiling unified AI vision & roadmap

2025.11.15 **AiQON v1.0 Release** Major
Comprehensive solution launch
